

Electrical and Computer Engineering Design I and II  
ECE 4901 and 4902  
Fall 2013

### **Web Page Instruction Sheet**

The first step is to go to <http://ecescd.engr.uconn.edu/ecescdXXX/wp-admin/> (where XXX is replaced with your team number). You will be asked to put in your netid and password.

You will then be presented with the Wordpress dashboard where you can manage the website. It is pretty straightforward. You can start by clicking on the pages link on the left menu. You can edit the sample page and create new pages from here. Editing pages is just like using Word. Links can be inserted by using the chain button.

Contact [help@engr.uconn.edu](mailto:help@engr.uconn.edu) if you have any questions.

**Keep your team web page up to date.**
